**CUSTOM COMPUTER SPECIALISTS AUTHORIZED CISCO RESELLER UNDER NASPO VALUEPOINT AGREEMENT WITH THE STATE OF NEW JERSEY**

**HAUPPAUGE, NY (March 22, 2016)** — Custom Computer Specialists Inc. (“Custom”), a leading IT services provider, today announced it is an authorized reseller of Cisco product and services under Cisco’s NASPO ValuePoint Data Communications Products and Service Master Agreement with the State of NJ. This agreement streamlines purchasing for state agencies, state colleges, municipalities and public education who can take advantage of contract discounts without issuing a formal bid.

“Since 1979 we have been providing the public sector with access to a wide array of technology solutions that were developed specifically for the public sector and we are honored to be an authorized Cisco reseller,” said Greg Galdi, Custom’s President and CEO. “Being an authorized reseller under the Cisco NASPO ValuePoint Master Agreement allows us to participate in our nation’s most significant public contract cooperative.”

As a Cisco Gold Partner, Custom was approved to be a subcontractor on Cisco’s New Jersey contract because of their extensive experience with the public sector.

The following Cisco products and services are available under this agreement:

- Networking
- Virtualization
- Wireless
- Unified Communications
- Video
- Data Center Services
